About the Factory:

The Company:

Factory was formed in 1984 as 100% export oriented factories in the fields of manufacturing and exporting readymade garments in Bangladesh.

The factory started as one of the pioneers in this sector with this manufacturing unit of quality garments products since then and never looked back for any reason.

Dedication, professionalism and a quest for achieving an excellence in its work have helped the company to grow up and to earn high reputation in the field of readymade garments industry in Bangladesh.

The company has a very competent group of management staff fully capable of initiating and concluding business deals of any dimensions and the company takes all the business deals very seriously be a small or a large one. And it never makes any compromise with its quality of products and services since the quality is main theme for the company to thrive on.

The state of the art of maintaining the consistency of high quality and service made the company as one of the steadily growing companies in this field of readymade garments industry in the country.

The company has a large competent team of Quality Assurance directly under management of the factory. A large number of skilled Quality Controllers (QC) is working extensively in every stage during execution of any order right from initiation stage to finishing and packing to ensure the quality to satisfy our clients. The complete Quality Assurance is done by a department called GPQ – Guidelines for Product Quality.

Personnel of Management:

1. Mr. Mahbubur Rahman, Managing Director
2. ***Mr. A. Z. Enayet Rasul, Director***
3. ***Mr. Abdul Mannan, Director***

Annual Turnover:

The factory made a steady growth in its performance and in its annual turnover amount since its operation in 1984. For the last 5 years the trend of growth has been given below with projected turnover of 2017. Projected turnover during 2017 is higher due to addition of 9th floor production lines from March, 2017.

Year Amount

2013: US\$ 7.15 Million

2014: US\$ 9.50 Million

2015: US\$ 11.25 Million

2016: US\$ 13.00 Million

2017: US\$ 15.00 Million (projected)

Management:

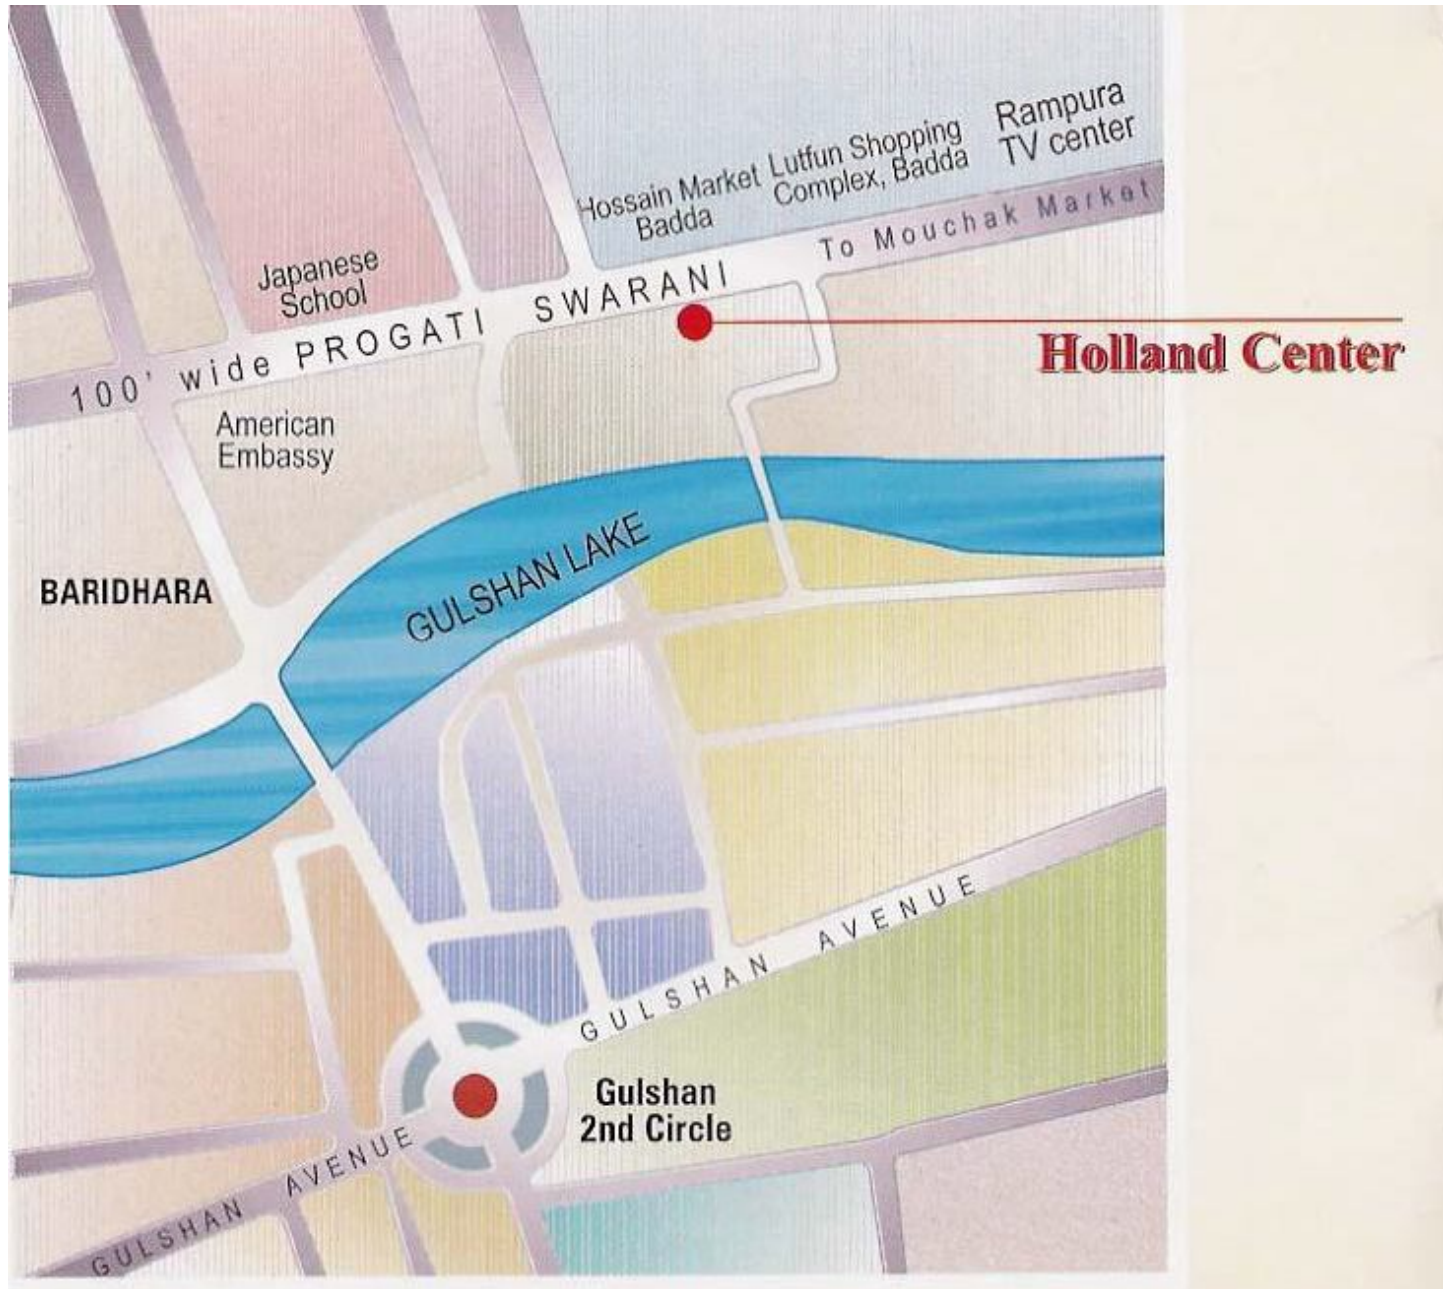

Total operation of activities of the company are looked after and executed by a competent executive management committee comprising of 1. Managing Director 2. Director (Operations) 3. Director (Production). All operations of both office and factory are supervised and directed by the management committee.

Compliance Department:

The company has a competent team of compliance management of the factory. We do have a WPC (Worker Participate Committee) to help management to look after the workers' interest in much better way. The company do maintain a Grievance Policy so that any body of the factory complain for any wanted situation and bad manners by their superior directly to the management for prompt action. Thus a very nice and friendly working environment is achieved in the factory. And we are very much proud of it.
